DURABILITY

Pastiglia con qualità e prestazioni bilanciate per utilizzo professionale in RIDE TREKKING, RALLY X-COUNTRY, ROUTE MARATHON, ENDURO ALL MOUNTAIN e FREERIDE DOWNHILL. Ottima risposta in frenata modulabile, grande resistenza alle alte temperature operative di utilizzo, grazie allo speciale trattamento termico preventivo che stabilizza la reticolazione molecolare della miscela e la rende resistente alle successive sollecitazioni termiche di frenata.

Brake pad with well balanced qualities for advanced performance in RIDE TREKKING, RALLY X COUNTRY, ROUTE MARATHON, ENDURO ALL MOUNTAIN and FREERIDE DOWNHILL. Outstanding smooth braking power with high fade resistance, due to the heat treatment which stabilizes the compound molecular lattice and makes it more resistant to the braking high temperature.
